

AARP Smart Driver™ Virtual Course

**Savings are just ahead.
So is your new driving confidence.**

Why Take the AARP Smart Driver Course?

The AARP Smart Driver course is the nation's first refresher course specifically designed for drivers age 50 and older. In many states, drivers may benefit from a discount on their auto insurance premium upon completing the course. And you will learn something new along the way. In fact, an evaluation of the course found that 97% of participants changed at least one driving habit as a result of what they learned.
